Dermatology and Skin Surgery Center ("DSSC"), a Battle Creek, MI-based provider of medical dermatology and Mohs surgery, completes a transformative partnership with Dermatologists of Central States ("DOCS"), a portfolio company of Sheridan Capital Partners. DOCS is a dermatology practice management company serving dermatology clinics throughout Ohio and its neighboring states. MHT Partners served as exclusive advisor to DSSC in this transaction.

Dr. Donn LaTour, co-founder and owner of DSSC, said, "Esther and I are thrilled to join the DOCS team, and we look forward to joining Dr. Michael Conroy and [CEO] John Macke as we serve patients and communities throughout Michigan, Indiana and Ohio. MHT Partners did a stellar job finding the right partner for us. The DOCS team shares our patient-centric approach and our commitment to superior care and service in dermatology. We are grateful to the MHT team for their hard work, transaction expertise and deep market knowledge."

Taylor Curtis, Managing Director of MHT Partners, states, "Drs. Donn and Esther LaTour have built an incredible dermatology practice and will greatly complement the DOCS team as leaders in their field of medicine. This transaction was a win-win for all parties involved and for the industry as whole in the Midwest."

Adds Patrick Krause, Principal of MHT Partners, "We are very proud to be associated with this deal. Our client is thrilled with the outcome, as are we. This is another great example of MHT's focus on clients in the rapidly changing healthcare landscape. We offer our healthcare clients experience, insight and access to industry-wide relationships which led to our collaborative success in this deal. We thoroughly enjoyed working with the DSSC team and look forward to their continued success."

## About MHT Partners

MHT Partners is a national middle market investment bank focused on representing innovative leaders in growth markets. The team at MHT Partners assists clients with seller advisory, acquisition advisory, corporate finance and strategic advisory assignments across a range of dynamic and growing industry verticals: business & information services; education; healthcare services and consumer growth.
