MHT Partners is proud to announce that The Skin Care Center (“TSCC”) has partnered with Dermatologists of Central States (“DOCS”), a portfolio company of Sheridan Capital Partners, a Chicago-based healthcare private equity firm. MHT Partners served as exclusive advisor to TSCC in this partnership.

This partnership is one of five completed by DOCS as DOCS expanded from being the largest practice in southwest Ohio to being one of the largest dermatology-focused service organizations in the U.S., with partner practice clinics in seven states across the Midwest and Mid-Atlantic.

“We are excited to announce our partnerships with these five leading practices that solidify our market leadership in Ohio and West Virginia and help continue to build our leadership in Indiana and Illinois. These practices are representative of the cultures we seek at DOCS, namely a patient-first mentality and a focus on clinical excellence. We look forward to embracing them at DOCS and leveraging their talents and best practices,” explained Chief Executive Officer, John Macke.

Dr. Allan Berk, Founder and Manager of TSCC, states, “This partnership allows us to focus solely on patient care, leveraging DOCS’ expertise to assist in managing the practice itself. We are grateful for MHT Partners’ expertise and guidance in navigating this process for us and helping us realize a very successful outcome.”

Craig Lawson, Co-founder and Managing Director of MHT Partners, states, “Dr. Berk and the team at TSCC created a leading dermatology practice based on superior patient care and advanced technological treatments. This partnership is a major win for the practice, their patients, and the industry as a whole. We’re proud of what we were able to accomplish for this outstanding team.”

Alex Sauter, Principal of MHT Partners, adds, “We are honored to have worked with Dr. Berk and look forward to the continued success of the practice.”

About MHT Partners
